Whenever the conditions are requiring a more robust solution, our PV modules are the right choice. Carefully chosen materials, state of the art solar cells and our experience in manufacturing ensure in addition the high product quality.

**Doubled Strength**

**For Multiplied Reliability**

High efficiency, multicrystalline silicon cells with high transmission and textured glass could minimize installation costs and maximize kWh output of your system per unit area.

**High Power Density**

Durable PV modules, independently tested for harsh environmental conditions such as exposure to salt mist, ammonia or known PID risk factors.

**Durability**

Tested in accordance to the standard IEC 62804, our PV modules have demonstrated resistance against PID (Potential Induced Degradation), which translates to security for your investment.

**PID Resistant**

Mechanical Performance

No shading aluminium frames enhance the mechanical performance of modules and the installation efficiency of system.

**Mechanical Performance**

Yingli Green Energy

Yingli Green Energy Holding Company Limited, known as “Yingli Solar”, is one of the world’s leading solar panel manufacturers with the mission to provide affordable green energy for all. Yingli Solar makes solar power possible for communities everywhere by using our global manufacturing and logistics expertise to address unique local challenges.
### General Characteristics

- **Dimensions (L / W / H):** 1664mm / 998mm / 32mm
- **Weight:** 24.5kg

### Operating Conditions

- **Max. system voltage:** 1500V
- **Max. series fuse rating:** 15A
- **Limiting reverse current:** 15A
- **Operating temperature range:** -40°C to 85°C
- **Max. snow load, front:** 5400Pa
- **Max. wind load, back:** 2400Pa
- **Max. hailstone impact (diameter / velocity):** 25mm / 23m/s

### Thermal Characteristics

- **Nominal operating cell temperature (NOCT):** 46°C ± 2°C
- **Temperature coefficient of Power output (P):** -0.42%/°C
- **Temperature coefficient of Voltage (V):** -0.32%/°C
- **Temperature coefficient of Short-circuit current (I):** 0.05%/°C

### Packaging Specifications

- **Number of modules per pallet:** 32
- **Number of pallets per 40' container:** 26
- **Packaging box dimensions (L / W / H):** 1730mm / 1160mm / 1165mm
- **Pallet weight:** 829kg

### Construction Materials

- **Front cover (material / thickness):** low-iron semi-tempered glass / 2.5mm
- **Cell (quantity / material / dimensions / number of busbars):** 60 / multicrystalline silicon / 156.75mm x 156.75mm (+/-0.25) / 4 or 5
- **Frame (material):** anodized aluminum alloy
- **Junction box (protection degree):** IP65
- **Cable (length / cross-sectional area):** 200mm / 4mm²
- **Plug connector (type / protection degree):** BH05-B / IP67 or LSC-R1 / IP68 or LSC-R84 / IP68
